George I happened to see  
Addabbo at a party - talked  
to him - he was pleased  
at Congress

The Honorable Joseph R. Addabbo  
House of Representatives  
Washington, D.C. 20515

Dear Mr. Addabbo,

Ever since your strong comments during our budget hearings last March on the overlap between CIA and DIA computer programs, I have been working to unravel that picture. I am happy to let you know that I have just made a decision to delay the CIA program for one year in order that it and the DIA program can proceed in step. Otherwise, the CIA program would have been ahead and commonalty would have been more difficult.

Beyond this, we will make every effort to combine the programs as much as possible. We have a major study coming out on this soon. I will be back to you with more details when they are resolved, but at least we are moving in the direction you suggested. I appreciate your having brought it to my attention originally.

With warm regards.

Yours sincerely,

STANSFIELD TURNER

Honorable Patricia Schroeder  
House of Representatives  
Washington, D.C. 20515

Dear Mrs. Schroeder:

In our conversation prior to my testimony before the House Armed Services Committee on 13 July, you asked about what activities the CIA conducts in Colorado. Let me recapitulate the status of our activities in your state.

--We have one personnel recruiter and his secretary in an office in Denver.

--We have four officers (recently reduced from six) who openly maintain contact with members of the public who voluntarily wish to furnish foreign intelligence information to the Central Intelligence Agency. They are available to any person who believes he has intelligence information which would be of value to this country and would like to put it into official channels. There are two full-time and one part-time secretaries who support these four officers [redacted]

--We have a part-time employee who does security investigations for us when the occasion arises. That is, he investigates prospective employees, contractor employees working on Agency contracts, and others associated with the Agency whenever we have a legitimate and legal requirement to check on their background for purposes of security.

--We also still have a number of contracts in the areas of analytical methodologies and for test and evaluation sources, with corporations in Colorado. These are all administered from Washington.
